CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The college is affiliated to AKTU, Lucknow. The Institute offers two courses - MBA & MCA. Both the courses are intrinsically job oriented. Being an affiliated college, before action plan the college has to keep in mind the academic calendar is issued by the affiliating University. Before the start of the academic year the heads of the departments start collecting / gathering information about the syllabus revision in the respective subject year wise. At the beginning of every academic year, the HoDs conducts meeting with all faculty members to develop strategies for effective implementation of curriculum as well as co-curricular and extension activities. Faculty members are working as members in many committees of the institution. As per the changes in curriculum in view of changing industry ,social needs ,the institute plans and develop strategies , capability to deliver and add value as per the intended course objective with right mix of in house faculty members, experts, industry associations and entrepreneurs. At the beginning of the academic year Time-Table committee frames the time-table as per the guidelines of the university academic calendar is prepared keeping in mind all the curricular aspects. The faculty members participate in the workshops organized by the Board of Studies time to time in their respective subjects. The outcome of the workshop is being shared in the department and the students, updating themselves the faculty members are encouraged to participate orientation courses, refresher courses, Seminars, workshops and conferences. Teaching

faculty members plan and prepare their own plan of action, teaching and learning plan according to the syllabus and the available time frame on integrated online ERP. Departmental review meetings are arranged regularly to discuss about the completion of syllabus, needs external inputs, and exposures. As per the need of the department - remedial course, tutorials and special sessions are organized as per the guidelines of the University and discussions with directors, deans and head of departments.

(maximum 500 words)

Feedback Obtained

The Institute is constantly in dialogue with all its stake holders and seeks advice and input from industry leaders, academicians, experts in order to provide value in the different areas of engagement. The institute has an integrated online ERP which is integrated with performance management system (<http://192.168.100.20/simwebsgi/login>) of faculty. The adopted PMS is a 360 degree feedback and development process through which data is gathered, analyzed and communicated to concerned faculty members /trainers regarding the course/subject. The score received is further discussed in person with Directors/Dean with the purpose of improvement and support. In case any course correction is required the same is initiated based on the information obtained from the focused feedback. Both these feedback information is incorporated in the module review document prepared by the faculty at the end of the course. Each faculty member offering a core/elective course has to engage with industry practitioners/entrepreneurs/experts in the domain and gathers feedback/suggestions on course content, sequencing/relevance of topics and assessments, skill targeted and employability support. The same is discussed and documented in the module review document and used as an input in designing the course for the next academic year. This ensures that the course is up to date and fulfils the future employment requirement of students. Based on the faculty's experience in conducting the course and student performance in university examination, the institute arranges a meet up with graduating students and concerned faculty to assess the gaps in delivery and adoption and alternative pedagogies since institute has limited access to modify the content , we continuously work to add value , align courses with emerging needs and alternative delivery processes (if possible as per faculty interest) to optimize maximum of the course as an outcome.

Institute believes in holistic development of a youth and strives to build responsible citizenship in budding professionals. To cater to the objective, we believe teaching along with mentorship is the need. The institute efforts to make learning student centric and transformational rather than just transactional. To formally include everyone into the mentorship led mindset on holistic development, we had adopted Institutional Guardianship counseling system where every faculty is allotted a group of 20 students who is the institutional guardian of them. The purpose of the IGs is to ensure and develop a lasting positive relationship with their counselees. The IG is not just a faculty rather a first point of connect and a responsible person in campus with whom allotted counselees can talk, discuss, learn and share issues related to personal, family, social and career dimensions continuously and allow the IG to interact with their parents, family members at institute or institute events or as per convenience and foster positive development in academics and professional journey together. Specific focused programmes/workshops are arranged for faculty members (IGs) time to time in campus to reinforce learning's of counseling systems positive psychology and holistic development to better equip individual faculty members for the mentorship role. A separate CSCD (Center for self and career development) is also there in the campus under guidance of Dr Naveen Gupta, Director and Behavioral scientist to support need based students for counseling, stress, depression situations. The center runs save your friend open campaign with students to help them learn empathy, identify deviant behavior and help.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Reforms initiated on Continuous Internal Evaluation (CIE) system at the institutional level • If a student get failed in more than 8 subjects total of 2 semesters, he/she is considered to have a year back. He/she cannot appear in improvement paper. • If a student goes for challenge/revaluation form (fee 5000/- per subject) and clears the subject and have back in 8 or less subjects then , then his status will be PCP (improvement case) not year back. • But if a students is having less than 60 marks in both the semester out of total of 2 semesters e.g. out of 2000 total, if a student is having less than 60 less than 1200 in both the semesters but passing in all subjects, he/ she is liable to give improvement of any 3 papers otherwise considered to be year back case. • A student having year back can re- admit/ex case. in re admission, new internal new external theory papers. But in ex case, no fee will be charged, no class will be taken by a student, internals remain the same only external theory papers are to be given. So if a student is having good internals he can have ex status otherwise if internals are just passing marks, he should opt for re status in AKTU. But in both the status of student re/ ex... The roll no remains the same. • If in a result card, status of student is fail given it is considered to be a year back case. E.g. Result status....fail. • If in a result card, status if PCP given, it is considered to be an improvement case.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Preparation of the Academic Calendar begins well before the commencement of the academic year. The academic calendar is communicated to the students by displaying it on a notice board, induction manual and through mail. The Academic committee ensures the strict implementation of the Academic Calendar by monitoring activities. Implementing gaps are reviewed periodically. The status of checkpoints and gap identified in monitoring are conveyed to the Director for the necessary implementation.
