CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institute is affiliated to AKTU, Lucknow and aproaved by AICTE, Delhi. The Institute offers five courses - MBA , MBA Integrated, B.Voc(Graphics and Multimedia), B.Voc(Travel and Tourism) and MCA. All the courses are intrinsically job oriented. Being an affiliated college, before action plan the college has to keep in mind the academic calendar issued by the affiliating University. Before the start of the academic year the heads of the departments start collecting / gathering information about the syllabus revision in the respective courses year wise. At the beginning of every academic year, the HoDs conducts meetings with all faculty members of the respective departments to develop strategies for effective implementation of curriculum as well as cocurricular and extension activities. Faculty members are working as members in many committees of the institution. As per the changes in curriculum in view of changing industry, social needs, the institute plans and develop strategies, capability to deliver and add value as per the intended course objectives with right mix of in house faculty members, experts, industry associations, alumni and entrepreneurs. At the beginning of the academic year the Time-Table committee frames the time-table as per the guidelines of the university. Academic Calendar is prepared keeping in mind all the curricular aspects, events and activities. The faculty members participate in the workshops organized by the institute and other AICTE approaved institutions time to time in their respective subjects. The outcome of the workshop is being shared in the department and the students, updating themselves the faculty members are encouraged to participate in orientation courses, refresher courses, Seminars, workshops and conferences. Teaching faculty members plan and prepare their own plan of action, teaching and learning plan according to the syllabus and the available time frame on integrated online ERP. Departmental review meetings are arranged regularly to discuss about the completion of syllabus, needs external inputs, and exposures. As per the need of the department - remedial course, tutorials and special sessions are organized as per the guidelines of the University and discussions with directors and head of departments. The faculty members are also Institutional Guardians of students assigned by Head of Departments. Feedback Obtained

The Institute is constantly in dialogue with all its stake holders and seeks advice and input from industry leaders, academicians, experts in order to provide value in the different areas of engagements. The institute has an integrated online ERP which is integrated with Performance Management System(PMS) (http://192.168.100.20/simwebsgi/login) of faculty. The adopted PMS is a 360 degree feedback and development process through which data is gathered, analyzed and communicated to concerned faculty members /trainers regarding the course/subject. The score received is further discussed in person with Directors/Head with the purpose of improvement and support. In case any course of correction is required the same is initiated based on the information obtained from the focused feedback. Both these feedback information is incorporated in the module review document prepared by the faculty at the end of the course. Each faculty member offering a core/elective course has to engage with industry practitioners / entrepreneurs / experts in the domain and

gathers feedback/suggestions on course content, equencing/relevance of topics and assessments, skill targeted and employability support. The same is discussed and documented in the module review document and used as an input in designing the course for the next academic year. This ensures that the course is up to date and fulfils the future employment requirement of students. Based on the faculty's experience in conducting the course and student performance in university examination, the institute arranges a meet up with graduating students and concerned faculty to assess the gaps in delivery and adoption and alternative pedagogies since institute has limited access to modify the content , we continuously work to add value , align courses with emerging needs and alternative delivery processes (if possible as per faculty interest) to optimize maximum of the course as an outcome.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The Institute believes in holistic development of a youth and strives to build responsible citizenship in budding

professionals. To cater to the objective, we believe teaching along with mentorship is the need. The institute put its all efforts to make learning student centric and transformational rather than just transactional. To formally include everyone into the mentorship led mindset on holistic development, we had adopted Institutional Guardianship counseling system where every faculty is allotted a group of students depending on the student faculty ratio, who is the institutional guardian of them. The purpose of the Institutional Guardianship is to ensure and develop a lasting positive relationship with their counselees. The Institutional Guardianship is not just a faculty rather a first point of connect and a responsible person in campus with whom allotted counselees can talk, discuss, learn and share issues related to personal, family, social and career dimensions continuously and allow the Institutional Guardian to interact with their parents, family members at institute or institute events or as per convenience and foster positive development in academics and professional journey together. Specific focused programmes/workshops are arranged for Institutional Guardians time to time in the campus and outside to reinforce learnings of counseling systems, positive psychology and holistic development to better equip individual faculty members for the mentorship role. A separate CSCD (Center for Self and Career Development) is also there in the campus under guidance of Director who is also a Behavioral Scientist to support need based students for counseling, stress, depression situations. The center runs save your friend open campaign with students to help them learn empathy, identify deviant behavior and help. Workshops and seminars are conducted on mental health issues and students are enabled to understand the issues related to mental health and the techniques to provide first aid to such students. The Institutional Guardians also keep track of their academic records and class room behaviour to provide the needed guidance. All academic and administrative staff are being trained through SDP and FDPs to provide better care and support to the students.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Following reforms have been initiated on Continuous Internal Evaluation (CIE) system at the institutional level: 1. The formats of the test papers of all the courses are changed time to time as per the examination pattern of the Affiliating University. 2. The test papers are submitted to the Director/HoDs for quality check and the suggestions from them are incorporated and conveyed to the concerned faculty members. 3. Seating plans of students are prepared in such a way as to further reinforce fair and smooth tests 4. In case of any UFM(Un Fair Means) case(s), a committee consisting of CoEs, Invigilator, subject teached and HoDs, take the decision and formally communicated to the Director of the institute. 5. Different types of formats are filled to keep track of tests, distribution of copies to the subject teacher and evaluations. 6. Marks of tests are uploaded to the institutional ERP system from where the stakeholders can generate different types of reports from their Dashboards. 7. To ensure the standards of question paper in the internal test series, a good mix of basic, fundamentals and applied parts of the syllabus are incorporated. 8. The question paper should meet out the expectation levels of post graduate students especially those who are above average students. 9. The assignments are submitted and evaluated on the basis of Viva Voce of the topics given to the students.10. Those students who are below average or average can be compensated in makeup series test which can be set according to their level. 11. The question paper should be errors free i.e no grammatical mistakes, spelling check and to keep in mind proper formatting while making a question paper. 12. The lab tests and viva voce are conducted to prepare the students for the final examinations. 13. For industrial projects and STPR projects, predefence viva is conducted and mock sessions are kept for corrections in the reports and preparing the students for final viva voce. 14. The institutional Guardians keep track of the progress of the students and arrange for their remedial classes if needed in consultation with HoD and subject teachers. 15. The students are provided with subject counseling class to support them in solving doubts of the subjects on daily basis and is incorporated in the time table. 16. The Director and HoDs can generate reports from ERP and checks regularly the counseling files of faculty members who are Institutional Guardians to see the progress of students. 17. Result analysis is done with benchmarks to see the performance of students in different subjects in different semesters.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

An Academic Calendar is planned and prepared at the beginning of academic session keeping the affiliated university academic calendar in consideration,.

After approval of the Director of the Institute and suggested changes

incorporated in the academic calendar, it is uploaded on the institute web site and circulated to all faculty, staff and students. The academic calendar consists of departmental academic, co-curricular and extra-curricular activities like workshops, conferences, guest lectures, internal assessments, industrial visits, practical examinations, extension activities, sports meets, Orientation program, Talent Hunt, Achievers Award, Class Tests, examination dates and Magnifest etc. For the academic session academic calendar was prepared and followed for conduct of examination and other activities. Sometimes, classes are lost due to unforeseen events. Institute makesup for these lost days, so that the schedule can be strictly adhered to. Effluent treatment and recycling plant exists in the campus. A wellequipped sewage water treatment plant is setup to treat wastewater in the Institution.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Innovation and Social Outreach: The Institute focuses on innovative approaches in its academic and non-academic activities. The events have been renamed to make students more responsible and competitive. During Covid 19 lock down, the students were engaged in academic and non-academic activities in online mode to prevent them from the repercussions of lock down in the country. The students were engaged in various online competitions, training programs, alumni talks and events to show their talents and keep them busy in productive works. The students along with faculty members as mentors are engaged in contributing their bit to solve social problems of society/community. Through such engagements, the Institute's objective is to develop analytical thinking, out of the box solutions, leadership skills, team building, empathy towards the least privilege people and collaborative efforts to work and contribute towards society. The primary objective is to develop social entrepreneurship and innovative thinking amongst the students. With this objective number of projects were initiated. Understanding the need of the citizens of the city during the first wave of Covid 19 many projects have been initiated to cope up with the situation. With the help of the students, faculty and staff members, the institute initiated the projects like "Preparation and Supply of Sanitizers", "Oxygen Cylinder", "Tiffin Services", "Beat the Hunger", "Auto Ambulance Services" to support senior citizens, least privilege and Covid affected people. The projects were initiated to provide logistic supports to the people for groceries and medicines. Through these projects, the Institute could extend services and support to under privilege people, Police Department, hospitals and people nearby Agra-Mathura region. These projects enable students to learn crisis management and exploration of innovative ideas and critical thinking to come out of the crisis. During these projects students, faculty and staff members contributed a lot to the society and being engaged in such projects of social need they could connect themselves with the society. The

students could learn a lot through these projects and work from fear to growth model. Many projects have been monitored remotely and online keeping the health of the students. Various outreach programs like Teacher Connect and School Connect programs have been organized to connect with the teachers and students. Such outreach programs enable us to understand their need and issues and help us in building a repo with the potential students and society. Conducting outreach programs is a regular activity of the Institute. 2. Capability Enrichment: Focus on overall development of students, faculty and staff members have always been the priority of the Institute. The Institute organizes various activities and events for capability enhancement of students, faculty and staff members. Capability enhancements through curricular, co-curricular and extracurricular activities have been the key concern of the Institute. Institute continuously ensures students engagement in value added courses based on latest technology and management skills like SEO and SCM, Data Analytics, SPSS, SAP, Technical Skill Enhancement Program (TSEP), Case Writing workshops, seminars, guest speaks, alumni talk, and corporate talk, for the overall development of students' knowledge and personality. A separate TD department is providing soft skill and aptitude training to all students which results in the improvement in communication skills, mathematical aptitude and personality. A separate TP department is continuously in communication with students and assessing them to prepare for the placement and helps in quality and quantity of placements. Faculty members are motivated for training and certification in the domain of their interest and need. Faculty members are motivated to attend FDP and MDP programs to enrich their knowledge and in turn improve their delivery to the students. Faculty members are facilitated for research and development. Regular staff development programs are organized to improve their functionality and work environment. The team building activities are conducted in the campus as well as out bound training programs are conducted for their development. The staff members are motivated to create cohesive work environment and work towards the betterment of themselves and in turn the organization. The staff members are engaged in various extension activities and social projects. Hence all activities, training programmes and projects are organized keeping in mind the skill enrichment of student, faculty and staff members. The events and activities of the Institute are always in alignment with the capability enhancement of all stake holders. With this perspective, understanding and considering students placements a special soft skills training programme was launched from Rubicon. This year, understanding issues of Covid -19, a special series of online talks was organized to engage students and keep up their selfesteem. The institute organized a number of corporate talks, online conferences and online competitions to ensure that students are engaged and are learning even in times of Covid 19.

7.3 - Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Holistic Approach of Development: The institute is committed to the holistic development of its students. The institute enable them to explore themselves both academically and other sphere of life. The institute regularly conducts curricular, co-curricular and extra-curricular activities and events for all round development. The students grow academically at the same time they also become socially responsible citizen of India. Soft Skill and Personality Development programs were organized in association with Rubicon supported by

Barclays Bank to enhance soft skills and personality development of students. Industrial tour and local visits are organized to understand the local industry needs. Alumni Talk and Corporate Talk Series was organized to keep the students aware of the demands of the industry and to enhance industry-institute interface. The institute organizes activities and events of Gender Equality. The Institute regularly celebrates Women's Day and has an active and functional Women Welfare Committee to take care of the gender equality. Knowing your rights is the first step towards empowering and protecting yourself. ITC Vivel workshop and interactive session on "Know your Rights" was organized to aware the female students. The initiative was designed to raise awareness about the legal rights that empower and safeguard women. Constitution Day was celebrated by the Institute. The faculty, staff and students visited the court and had interaction with the Honorable High Court judge. The honorable Judge addressed the gathering and stressed that our constitution is known for its openness, being futuristic and its modern vision. The students were sensitized towards their duties and rights on this occasion. The students were motivated to contribute their bit in the overall growth of the nation. The social awareness and extension activities are conducted regularly by the institute to make the students learn the role of empathy and to be pragmatic in their approach. Through these social outreach programs, students learn various attribute of a good manager and leadership skills. They use action research to implement various theories learnt in the classrooms. Students are contributing in resolving the local issues with the innovative approaches as they have been exposed to the locality through these social outreach programs. The staff development programs have been organized regularly to motivate staff to enhance their working skills and improve efficiency. These training programs enable them to create a conducive work environment. The staff members have been engaged in various outreach programs as well. Specially in environmental projects of the institute, they are contributing a lot. The staff members are also engaged in SoS projects. The mental health of an individual can affect their confidence, productivity, social life, and emotional well-being. There is a growing mental illness epidemic particularly in higher education where graduate students have eight times higher rates of severe depression and anxiety. Mental health awareness is an important issue for all educators, who are often the first line of defense for their students. Our team of academic volunteers is being trained to be able to provide the mental health first aid and psychological counseling to the

8. Future Plans of Actions for Next Academic Year

The World has witnessed losses in terms of lives and livelihood due to pandemic COVID 19. Many people lost their lives and jobs all over the world. The IQAC of the Institute will propose the management to provide all kinds of financial support to the parents who wish to educate their wards in professional education like Management and IT in alignment with the vision of the group. Besides many projects launched and executed successfully by the Institute during the pandemic, the management of the institute will be proposed to start many scholarship schemes and try to get support from Philanthropists and NGOs to provide financial support to the students who wish to make their career in Management and IT fields. The faculty members will be motivated to attend online FDPs, ATAL FDPs, online short-term courses and online training programs to learn effective way of imparting education in online mode and for betterment of students. The faculty members will be motivated to explore the online platforms to explore efficient way of delivery to the students. The students will be motivated to register themselves in different online courses and certification programs for better

knowledge and placements. The students will also be motivated to learn from IIT Professors through NPTEL courses and register for certifications. The Institute will explore the possibility of continuing all its activities and events in online mode to protect students, faculty and staff members from spreading and getting infected with this virus. All precautions will be ensured by the Institute to prevent the stakeholders from being effected with this virus. The awareness programs of prevention from this virus will be organized for the students and in nearby areas. The pattern of examination will be realigned as per the new formats mentioned by the Affiliating University. The initiatives will be proposed for better placements and career guidance. The value-added, Technical Skill Enhancement Programs, Alumni Talk Series and corporate talk series will be proposed to be continued for better understanding of the current need of the industry. The social outreach and other extension activities will also be continued to serve society and in turn country.
